SUMMARY

- **Senior Revenue Operations Leader** with 7+ years of Ops experience, specializing in the intersection of GTM strategy, business intelligence, and process automation to drive pipeline velocity.
- **Strategic Team Lead** with 3+ years of managerial experience and a proven track record of managing cross-functional BI and Analytics teams to deliver executive-level insights.
- **Hands-on CRM & Tech Owner** with advanced expertise in Salesforce, LeanData and complex GTM tech stacks (6sense, Salesloft, Gong, ZoomInfo, Nooks, LinkedIn Sales Navigator, Amplemarket).
- **Operational Orchestrator** experienced in building end-to-end automations, AI-driven processes, custom Salesforce & LeanData flows, and CRM governance to optimize revenue planning & ROI.

SELECTED PROJECT

Comp Plan Simulator – javierjotah.github.io/comp-plan-simulator **September 2026 - November 2026**

• **Built and shipped a SaaS compensation planning tool** that designs a plan for every GTM role, produces the argument behind every default, and runs a full simulated quarter to show who the plan pays and who it punishes before launch.
• **Grounded in 11 published compensation benchmarks**, with 216 encoded verdicts, 52 on plan design and 164 on quarter outcomes, each tied to the exact condition that fires it.
• **Built with Claude, Claude Code and self-hosted n8n**, and verified by 28 automated checkers that re-derive every printed figure across tens of thousands of generated plans.

WORK EXPERIENCE

Alida – Vancouver BC

Senior Revenue Operations Manager **July 2023 - April 2026**

• Led Revenue Operations across Sales, Marketing and Customer Success, including Salesforce Administrators and a Sales Operations Specialist, supporting 40+ AEs and SDRs against GTM targets.
• Owned the GTM tech stack, including Salesforce, LeanData, Gong, Salesloft, 6sense, and Sales Navigator, with responsibility for configuration, vendor coordination, and tool optimization.
• Built Salesforce automations and LeanData routing flows covering lead assignment, account territory planning, and scoring, to streamline lead and prospect management and improve ABM operations.

Marketing Operations Manager **March 2021 - July 2023**

• Established processes, systems, and operations for the Marketing and Sales teams, supporting Alida's GTM strategy, lead qualification, and full sales cycle execution through a robust tech stack (HubSpot, Salesforce, 6sense, Salesloft).
• Developed custom reports and dashboards to optimize operational efficiency and provide executive-level insights that directly improved business ROI.
• Partnered with IT and Salesforce administrators to build advanced CRM flows, fields, and validation rules to execute and accurately report on new business initiatives.

Absolute Software – Vancouver BC

Revenue Operations Analyst - Marketing **June 2019 - February 2021**

• Leveraged a comprehensive analytics suite (Tableau, Salesforce, Marketo, Google Tag Manager) to analyze user behaviour and optimize ROI for global advertising campaigns.
• Architected automated reports and Tableau dashboards that improved marketing team efficiency and supported data-driven executive decision-making.
• Collaborated with cross-functional analysts to execute and report on new business initiatives, ensuring data accuracy and cross-departmental alignment.

Canada Drives – Vancouver BC

Business Intelligence & Analytics Manager **March 2018 - May 2019**

• Led the Analytics and Business Intelligence team, delivering strategic insights to the C-suite and VPs to drive organizational goals and data-informed decision-making.
• Leveraged a comprehensive tech stack (Einstein Analytics, Adobe Marketing Cloud, Salesforce, and Google Analytics) to analyze user behaviour and optimize ROI across multi-channel campaigns.
• Enforced internal processes and data governance best practices to maintain the highest standards of data integrity and management across the team.

Marketing Data Analyst **March 2017 - March 2018**

• Utilized tools such as Google Analytics and Salesforce to provide actionable reporting, improving campaign results, reducing costs, and identifying key business challenges.
• Provided data-driven insights into the performance of marketing platforms, including Facebook, Google Ads, and native advertising, to optimize multi-channel strategies.

Fit Brains – Vancouver BC

Marketing Data Analyst **December 2014 - March 2017**
